

Kick Butts Generation

VOICE Newsletter August/September 2020

September = Back to School

We know the new school year is going to be starting very differently this year, but KDBG is here and has your back! We are excited to work with you in person and virtually this year.

Returning Force Captains are currently completing action items as part of their training. In the next couple of months, we will bring the Returning Force Captains together with the New Force Captains for round 2 of training.

Even though we are not able to hold in-person events, we are going to make sure our leaders are trained and ready for the new KDBG year.

Happy Back to School to all of our KDBG youth, teachers, and advisors!

October Campaign

Red Ribbon Week, traditionally held during the last week of October, is the United States largest drug-use prevention program. Started in October 1985, this year is special. This year, Red Ribbon 'Week' will be celebrated for the whole month of October! While drug-use and tobacco and nicotine-use may not sound similar, technically nicotine is technically classified as a drug. Nicotine is found in most tobacco products, including vapes and e-cigarettes.

We are going to take the month of October and explore nicotine and the effect it has on your body. Nicotine is one of the most addictive chemicals known. We want to educate our peers on the dangers of nicotine and nicotine addiction, during Red Ribbon Month.

Force Captain Training

RETURNING FORCE CAPTAINS

Returning Force Captains that **have not** signed up for the 2020 Force Captain Training can register using the link below.

Once you register, the training information will be emailed to you. After completing all of the items, you will receive your incentives.

**Returning Force Captains
Registration**

NEW FORCE CAPTAINS

Looking to become a KBG Force Captain? We want you to be a part of the team! Complete the registration using the link below. We look forward to getting to know you!

You will be contacted in October about your Force Captain Training, be sure to keep an eye on your inbox.

**New Force Captains
Registration**

Returning Force Captains who **have** registered, make sure you are completing your action items for part 1 of the Force Captain Training!

The completion information was sent in an email. Make sure to check the spam folder, just in case.

August in Review

A normal KBG August would be focused on training New Force Captains and bringing them together with our returning Force Captains. The Force Captain Training, held annually, is one of the events that all of our youth leaders look forward to each summer.

While we were not able to get all of our youth leaders together, Force Captain Training has continued for our returning Force Captains. Planning for the year, strategic planning, and training all occurred in August and September. We cannot wait to bring in our New Force Captains into the leadership team later in 2020!

Thank you to all of our Force Captains and Force Advisors for continuing to plan, train, and work during the summer and throughout the pandemic. We truly appreciate all that you do!

Coming Up in October...

KBG OFFICE HOURS

Starting in October, we will be holding KBG Office Hours for any one interested in dropping in and asking questions, expressing ideas, or just stopping into

chat.

Office Hours will take place every other Thursday, from 3:00 PM to 4:00 PM, beginning October 8th.

RETURNING FORCE CAPTAIN CALL

The All Force Captain Call (returning Force Captains only) will happen on October 1st at 7:00 PM. Check your email for the Zoom link. The expectation is for all returning Force Captains to attend the call.

THE REHOBOTH LUNG FORCE WALK IS GOING VIRTUAL!

Because your health and safety are our top priority, this year's Rehoboth LUNG FORCE Walk is EVERYWHERE – on every sidewalk, track, or trail. The world may look a little different right now, but one thing hasn't changed: our vision of a world free of lung cancer and lung disease. We invite you to walk in small groups of friends and family while others in your community do the same. We are all still walking and fundraising because when you can't breathe, nothing else matters.

Now more than ever the American Lung Association needs your support! Be a

part of the FORCE to not only help us find a cure for COVID-19 but to also defeat lung cancer and lung disease one step at a time.

Wherever you are, you can walk with us.
